

The stylish Florence is one of the top step through E-bikes on the market. This electric bike comes with many standard features, such as a 12.5AH lithium ion battery, an LCD display, and a powerful 500 watt motor that is capable of reaching speeds up to 20mph. For your commuter needs we've added in a rear rack and industry-leading low step-through frame design. Every Bintelli E-bike comes equipped with a headlight, taillight, seat post suspension, rim reflectors, and a UL approved charger. This model is available in multiple colors.
